## ROPELLA INDUSTRY EXPERTISE

Biofuels, biodiesel, & ethanol are essential to prioritizing economic use of valuable resources. To improve viability of these resources and to combat the food vs. fuel dilemma – the concern that diverting land and water resources to biofuels will be detrimental to food supplies – researchers are investigating alternatives to these alternative fuel sources, including algae biofuels. They are also utilizing molecular breeding to create new hybrids with substantially higher biofuel yields.

Ropella's mission is to build lasting relationships between High Potential A-Player Talent, Backable CEO's, Board Members, SME's and Transformational Leaders. Our primary goal; providing ROI value towards growing the great companies we invest our time, talent and treasure into.

Building teams worldwide, in all functional areas and at all levels, with the best possible talent is one of the highest priorities for transformational leaders – because we all know – ***the Team with the Best Talent Wins*** Especially so, in fast growing organizations.
