ROPELLA INDUSTRY EXPERTISE

Saturated and unsaturated polyesters are formed through a series of complex processes, including condensation polymerization, melt-spinning, and drawing. The resultant product has a variety of desirable characteristics, including durability and strength, hydrophobia and stain resistance, and mildew and abrasion resistance. The polyester can then be utilized in applications ranging from plastic soda bottles to camping apparel, and high-quality wood product finish to jet engine seals.

Ropella's mission is to build lasting relationships between High Potential A-Player Talent, Backable CEO's, Board Members, SME's and Transformational Leaders. Our primary goal; providing ROI value towards growing the great companies we invest our time, talent and treasure into.

Building teams worldwide, in all functional areas and at all levels, with the best possible talent is one of the highest priorities for transformational leaders – because we all know – ***the Team with the Best Talent Wins*** Especially so, in fast growing organizations.

OUR SOLUTIONS

With over 35 years as a global search leader, delivering the Most Advanced Search Execution Capabilities, Ropella has proven many times over, to be extremely well-versed at solving the most challenging "needle in a haystack" searches. While at the same time managing Talent Selection & Development as a Primary Asset for ROI.

As a bestselling author of *The Right Hire* and a highly experienced practitioner, Patrick Ropella developed the **SMART Search System**®, regarded as one of the most well respected, Talent Centric Executive Search Solutions available.
