ROPELLA INDUSTRY EXPERTISE

Resins and their byproducts – rosins, oleoresins, and balsams among others – are natural protectors. They are constituents of varnishes, adhesives, food glazing agents, paint, furniture, perfume, and more. Quality is of utmost importance to the modern consumer – varnishes must be fierce protectors, adhesives must hold fast under the most extreme of circumstances, and perfume scents must carry through the entire day.

Ropella's mission is to build lasting relationships between High Potential A-Player Talent, Backable CEO's, Board Members, SME's and Transformational Leaders. Our primary goal; providing ROI value towards growing the great companies we invest our time, talent and treasure into.
