## ROPELLA INDUSTRY EXPERTISE

The many types, applications, and uses of thermoplastics are virtually limitless, since they are able to be remolded when heated, and this process can be repeated almost indefinitely. This process also allows for more aesthetic finishing choices than thermoset plastic processes; it imparts both high strength and easy bend-ability features, as well as strong impact resistance. The uses to which thermoplastics have been applied include aircraft windows, fire fighter suits, artificial joints, and reusable food containers.

Ropella's mission is to build lasting relationships between High Potential A-Player Talent, Backable CEO's, Board Members, SME's and Transformational Leaders. Our primary goal; providing ROI value towards growing the great companies we invest our time, talent and treasure into.

Building teams worldwide, in all functional areas and at all levels, with the best possible talent is one of the highest priorities for transformational leaders - because we all know - ***the Team with the Best Talent Wins*** Especially so, in fast growing organizations.

## OUR SOLUTIONS

With over 35 years as a global search leader, delivering the Most Advanced Search Execution Capabilities, Ropella has proven many times over, to be extremely well-versed at solving the most challenging "needle in a haystack" searches. While at the same time managing Talent Selection & Development as a Primary Asset for ROI.

As a bestselling author of *The Right Hire* and a highly experienced practitioner, Patrick Ropella developed the **SMART Search System**<sup>®</sup>, regarded as one of the most well respected, Talent Centric Executive Search Solutions available.

GROWING GREAT COMPANIES  
Through Global Talent Discovery,  
Assessment & Connection
