SIMON MEDLEY

CEO, Loparex

"Ropella brought a very thorough approach to successfully solving Loparex's talent acquisition needs. From the comprehensive Opportunity Marketing Piece to the detailed Executive Reports - Ropella's process was key to bringing great candidates with relevant rich experiences. The SMART Search System drove a highly productive interview process with Interview Guides custom-built for our search, and a fantastic offer and acceptance process, ultimately resulting in helping us hire a Transformational Leader for our newly created Chief Culture & Talent Officer role."

BOB NOWACK

Chairman & CEO, Conor Pacific Canada

"Commonly search firms are just interested in placing a body. Ropella is more interested in finding the right person. At the later stages of a search (during agreement negotiations), Ropella recommended that we not hire the finalist candidate and instead that they initiate a new search. For me, that is the best evidence that our interests are Ropella's first and real priority."

MATT LEBARON

Founder, LeBaron Brown Industries

"We are very pleased that Darren will be joining AIC as President. Thank you for all of your work on the search - it was well done, and the outcome is great. We look forward to continuing to work with you to add more talented team members to both Charkit and AIC."

In 2020, Darren was promoted to CEO of LeBaron Brown Specialties.
